LIGHTS.—Give us good lights on our streets at night, and an all-night light.

WELSBACH.—Give us the Welsbach lights and lights all night. That's what we want.

REMOVING the recent snow cost New York City \$200,000. Here in Paris we want and let the sun remove it free of cost.

STEAKS and chops will be as cheap as bread in Chicago for awhile, as there is a cut-rate war there among the stock yard owners.

THE Paducah News says that Governor Durbin, of Indiana, passed through Kentucky without being kidnapped and held for ransom.

THE Georgetown and Lexington Traction Com. any hope to have the first car run over their line on or before the first of April.

THE party of trusts is none other than the Republican party. It continually backs up the trusts and has been kept in power by the aid of the financiers.

THERE are twenty-two counties in the state that pay into the treasury \$171,024.36 and draw out \$504,899.22, showing the expenditures to be \$333,874.86 in excess of their receipts.

ADMIRERS of "ragtime" will be pleased to learn that the output of "coon" songs during 1901 was a few more than a thousand. Some of the composers have been made rich by the sales.

THE editor of The Commoner says he recently received a box of oranges, a carcass of mutton and a keg of nails on subscription, and yet there are Republicans who deny that The Commoner is a success.

THE Minnesota Board of Control recently bought two tons of chewing tobacco and a half a ton of smoking tobacco for the inmates of the state institutions. Part of the latter will no doubt be consumed in cigarettes.

SELF-GOVERNMENT is a principle that is immortal, and should be held too sacred to do obeisance to royalty. There is nothing in imperialism to claim our sympathy, and yet we are to do honor to the British crown, by sending a delegation of prominent Americans to the coronation of King Edward, Taadysim!—Elyria, Ohio, Demorat.

GIVE us the all-night light by all means. That is what the citizens of Paris want and that is what we should have. The Paris Gas Company can furnish the very best light with their Welsbach burners. What we should do is to get out of the old rut of things and be up-to-date in street lighting. Our citizens would undoubtedly be much pleased with the change from the old system of gas lighting and many streets that have seemed dark in the past, will be lighted thoroughly.

THE Shelby News says: "The latest kick made by the drummers is to have separate compartments set apart in the trains for consumptives, says the Lancaster Record. This may work very well but what the majority of the people want is a law requiring railroads to have separate compartments for the drummers. These roosters come into the coach with more baggage than is in the baggage car, take up two full seats and put several grips in the aisle, and all on one ticket. Now, where is the kick to come from, the poor consumptive, who could sit on a half a dollar, or Johnnie Drummer, who takes up half the car?"

At the next meeting of the City Council the question as to how the city shall be lighted, will be settled, and it is more than probable that the Paris Gas Company will be awarded the contract. We have talked with a great number of our citizens on the subject of lighting the streets, and they express themselves heartily in favor of the new Welsbach lights as now being used by the Gas Company. And then, our people want an all night light, as much for protection as anything else.

The lights are regarded as the most satisfactory lights in the cities where they are being used. Nothing but commendation is spoken by the city officials in the larger places where they are used. It is a faultless lamp and our city fathers will make no mistake in adopting this light.

In speaking of light, James Gilbert, City Gas Inspector of Omaha, Neb., says: "The Omaha Gas Company of this city has been furnishing street lights, with your burner, for over two years in which time I cannot express myself too fully as to the efficiency of the light furnished, as well as the general satisfaction of the public. I can readily understand why most of the cities of Europe, as well as this country, are adopting the Welsbach light for street illumination, as not only the cheapest method for street lighting, but undoubtedly the most efficient and satisfactory."

RECKLESSLY WASTEFUL!!

Burning the candle at both ends may be pretty to look at, but it's wasteful as well as destructive. The same rule applies to business. In buying here you pay one price, and that price the lowest. You neither burn your fingers or waste the candle. By the way, did you ever see such things as cheap as these below

FOR FRIDAY NEXT:

25c cotton floor mops, better than the ordinary 25c mop, full 18 ounces cotton, at each 16c; mop holders, with handles, copper finish, screw clamp on holder, holds any size mop, each 7c; checker boards, including checkers, complete, 11c; excellent quality box papers, 24 sheets paper and 24 envelopes in a box, Vellum finish paper, ribbon tied and banded, comes in rich blue, just like the 25c box, at a box 9c; 1st quality imported sea grass coil fishing line, fully worth 20 per cent. more than the American make, a bunch of 6 lines connected, 19c; best wire hair pins, 100 assorted in a box, at 3c; lamp wick, No. 1, 2 and 3, three yards for 5c; match our paint prices if you can, color cards free on application, 1/2 pint 8c, one pint 12c, one quart cans 24c; cherry, oak, rosewood, walnut and mahogany stains, put up in 25c cans, at 14c a can. These stains cannot fail to satisfy the most critical. They stain and varnish at a single application, and dry with a beautiful lustre.

There may be a time for everything, but any time, and all the time, is time to buy from us, so as to save money. A big bargain in 4 sewed brooms, each 20c, only 1 to any one customer; a much better broom at 23c, don't miss these; finest crystal glass tumblers, as clear as can be, beautiful goods, each 3c.

We place on sale an accumulated lot of ladies' and gents' purses and pocket books, hardly two of a kind, at a great saving. We positively are showing a line of books costing you elsewhere \$1.50, at here from 89c to 98c, and good dollar value elsewhere, here from 48c to 73c; quite a saving, isn't it? Seeing is believing. On sale, remember, Friday only.

Crumb and brush trays, looks like

SOLID SILVER,

handsomely engraved bristle brush to match, with embossed handle, the two pieces 49c; alarm clocks, 69c, 4 inch dial, nickel-plated with floral decorations, what's the use of paying \$1.50 for the same kind of a clock? A big underselling in padlocks, all high-grade locks, all with two flat steel keys, only a limited lot, a line you don't see elsewhere, at these prices, and your choice of the lot at 14c. Telephone or mail orders not filled at these prices—you must come in person.

On Saturday, March 1st, the 3d and 4th, 3 days only, we have 500 pictures, absolutely to be given away, that is, with every 50c purchase, you are entitled to a picture, if you make a dollar purchase, you are entitled to 2 pictures, &c. There are a number of subjects, and you have the right to select just what you wish. Sizes of pictures are 11x14 and 14x17 and some run still larger.

THE FAIR.

The convenience with which the Welsbach is used (not requiring piping or wiring) recommend itself to everyone. There is no question as to this being the only light for street purposes. And we want the all night schedule. We want protection and we can not hope to get it with darkened streets.

A VERY funny situation was developed in Cincinnati last week by Judge Lueders of the police court, who adopted the plan of fining slot machine men who had unfair machines. As soon as information of that system got out there was wild haste to alter machines. All day men were skurrying around the city carrying screwdrivers, card-drums and other stuff that goes to make up a slot machine repairer's outfit. They were going from place to place under hurry-up calls to make unfair machines fair, and the remarkable activity convinced everybody that there was not a fair machine in the city. Every one was doctored, and the unfortunates who had imagined they were playing a perfectly fair game found that they had been up against a regular rob.

My Hair

"I had a very severe sickness that took off all my hair. I purchased a bottle of Ayer's Hair Vigor and it brought all my hair back again."

W. D. Quinn, Marseilles, Ill.

One thing is certain,—Ayer's Hair Vigor makes the hair grow. This is because it is a hair food. It feeds the hair and the hair grows, that's all there is to it. It stops falling of the hair, too, and always restores color to gray hair.

\$1.00 a bottle. All druggists.

If your druggist cannot supply you, send us one dollar and we will express you a bottle. Be sure and give the name of your nearest express office. Address, J. C. AYER CO., Lowell, Mass.

You Do, or You Don't Need Glasses

The eye being a rather delicate organ, great care should be exercised in the selection of proper glasses. Many believe that glasses should be resorted to only when the sight becomes so defective as not to be able to do without. This is a great mistake which must be combated. Whenever there is unmistakable evidence of the need of their aid, they should be used. A neglect of this rule sometimes produces mischief which results in serious trouble if the course be persisted in.

Our Dr. C. H. BOWEN having just returned from taking a special course in Optics from one of the best specialists in New York, is prepared to do the best of work, having the latest improved methods of fitting. Examinations free. Next visit Wednesday, Feb. 26, 1902.

A. J. WINTERS & CO. JEWELERS. Hello, 170 Dr. Bowen at A. J. Winters & Co., 2nd and last Wednesday in each month.

A WORTHY SUCCESSOR.

"Something New Under The Sun."

All doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION — "SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once and write full particulars as to your condition and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "GUARANTEED CATARRH CURE".

Sent postpaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. H 612, EDWIN B. GILES & COMPANY, 23 0 and 2333 Market Street, Philadelphia.
